

TO MY DADDY

Did you know you are my hero,

there is no doubt you see...

Because you've always been there,

in every way for me...

You've taught me so many things,

about family, life, and love...

So, it is easy to see why,

you're the hero that some only dream of...

I'm so glad you're more than a dream for me.

And I'll forever thank the Lord above...

For, He is the one that blessed me,

when He gave me my "daddy" to love.
