

## MEMORIES

*I would like to go home again,  
and see the folks I used to know  
I would like to walk those streets again,  
and shake their hands and say Hello!*

*It has been a long time. The years have come and gone.  
And now our hair has turned from gray to white.  
Our steps are slow, our minds are clear.  
Our memories are very dear*

*Our loved ones are gone.  
All we have are memories.  
We have traveled forth – north, east, south, and west,  
But the lands of home are always best.  
Our hands are like the hands of time.  
We have been so far – so far.*
